

## Independent enquirers

Working on something by yourself

**What will you do?**

**How will you do it?**

Remember...sometimes other people think differently to you!!!

- I can make up questions to answer and problems to solve.
- I can plan and do research.
- I can explore issues, events and problems from other peoples point of view.
- I can analyse information and decide whether its useful to me or not.
- I know that sometimes peoples circumstances/ feelings can influence things.

- I can support my conclusions with arguments and evidence.
