Grammar- Prefixes

Prefixes are letters which we add to the beginning of a word to make a new word with a different meaning. For example, if we take the word POSSIBLE and add the prefix IM, we make a new word that means the opposite- IMPOSSIBLE!

You can watch this video to learn a bit more <https://www.bbc.co.uk/teach/class-clips-video/english-ks2-wonderful-words-prefixes/zknd7nb>

Today I'd like you to think of examples of words that use these prefixes:

auto-

anti-

super-

under-

Use a dictionary to help you if you get stuck- there is an online dictionary at Dictionary.com. Once you have thought of your words, use each of them in a sentence. This helps me to know that you understand what the words mean. You should have at least four sentences, that are correctly punctuated, and written neatly.

Here are some ideas for you to use if you get stuck, or you don't have access to a dictionary:

Automobile

Underperform

Autobiography

Undersized

Antibacterial

Antifreeze

Superimpose
