

## Home Learning: Writing Task: Wednesday 6<sup>th</sup> May 2020

Today I would like you write a poem about Magical Wishes.

I've written an example for you to use. Remember, Miss Allen and I would love it if you could email us your poems (or any other work you do) to

### Magical Wishes

What would you wish for if a wizard or genie offered you some magical wishes? I would wish to be a shining star up in the night sky....

I wish I were a star,

Glittering **silently** in the **soft** dark.

I wish I could see

The stone's heart beating

I wish I could touch

Jack Frost's **icy** fingertips

I wish I could hear

The bees **yellow** thoughts as it dances through the clover

Now you try! Remember to include interesting **verbs**, and descriptive **adjectives** and **adverbs**.

What do you wish that you could be?

What do you wish you could see?

What do you wish you could hear?

What do you wish you could touch?

What do you wish you could taste?

I look forward to seeing your ideas!

Miss Rashid ☺
