

Tuesday 2nd June 2020- Writing

Look carefully at this image- it's another creepy one this week. However, this time I don't want you to write a story. I would like you to imagine that you are one of the people near this scary creature, and to write a diary entry about the day you encountered it.

Make sure you include the following:

1. Capital letters, finger spaces and full stops
2. Some ambitious vocabulary- what words could you use instead of "big"? what words could you use instead of "scary"?
3. A "3ed" sentence to describe how felt: "Terrified, sickened and chilled to the bone, I looked around for the rest of my family"

Here's how I've started my diary. Look at the ways I've started my sentences, the vocabulary I have used and the way I've used the features of a diary entry.

Dear Diary,

We have reached the end of a day that is going to be scorched into my memory forever. A day that I have had the most terrifying encounter of my life. A day that I do not ever wish to repeat. I sit down to write this entry, stunned, shaken and nauseated by the events of the past 12 hours.
